

PET NANNIES

Travel More.
Worry Less.

We offer a once or twice per day visit to your furry friends, visits include a bit of quality time, feeding and an update report per visit to you for your ease of mind.

We can also perform perimeter checks on your property, but bear in mind we are pet sitters and not a security company, we'll scream and shout and will let you know, but we won't chase the baddies away...

We cater for all kinds of animals, the only exceptions being snakes and spiders... ☹️

Our prices:

One visit per day (including report) N\$ 80 per day / Two visits per day (including report) N\$ 125 per day

Daily perimeter checks N\$ 25 per day

Bookings of more than 10 days receive a 10% discount on the total value
