

## ELISENHEIM OWNERS ASSOCIATION

### EOA CIRCULAR 16 ***DOMESTIC AND GENERAL WORKER TRANSPORT TO ELISENHEIM ESTATE***

To all Homeowners and Residents

23 June 2022

**The Security Sub-Committee met on Tuesday 21 June 22, and after discussion and due consideration, the following resolution was adopted:**

1. With regard to the registration of Transporters transporting ***Domestic and General workers*** onto Elisenheim Estate the Security Sub-Committee resolved as follows:

1.1. All Transporters that wish to operate on the Estate need to be registered at the Estate Management Office.

1.2. In order to register, the Transporter must present a valid driver's licence of the driver (Also serves as ID) and the Natis registration certificate of the vehicle (***Valid licence disc to be on vehicle***).

1.3. The Transporter will then be issued with an entrance disk, which need to be displayed next to the vehicle's licence disk on the windscreen. Please note that the ***disc is issued at NO COST***.

***The Sub-Committee has taken into account that the responsibility to enforce roadworthiness as well as other municipal traffic regulations, does not rest with the EOA.***

The previous requirements regarding roadworthiness, Public Drivers Permit and Taxi registration are herewith waved for purpose of operating on the Estate, as these are policed by ***COW Traffic Police*** department.

We would like to request from all residents to also share this information with their Domestic and General Workers to assist the Estate Management in controlling/registering the Transporters that transport our workers to and from their places of work.

Estate Management will also, during the week of 27 June 2022, inform these Transporters at the contractor's gate of the need to register at the Estate Offices.

**From Monday 11 July 2022, only transporters with a valid entrance disc on the vehicle will be allowed to enter the Estate.**

Kind Regards  
ESTATE MANAGEMENT
