

ELISENHEIM OWNERS ASSOCIATION

EOA CIRCULAR 18

RULES REGARDING THE USE OF WATER ON THE ESTATE.

Dear Residents,

It is confirmed with NamWater that the two planned shutdown dates for the Von Bach-Windhoek transfer system are set for Friday afternoon 15 July 2022 at 18:00 for 48 hours and then again for Friday afternoon 29 July 2022 at 18:00 for 48 hours.

NO water will be transferred by NamWater for this period.

Friday 15 July 2022 18:00 to Sunday 17 July 2022 18:00

Friday 29 July 2022 18:00 to Sunday 31 July 2022 18:00

Elisenheim has the reservoir and it will be able to provide water for the whole weekend with the following precautions:

- Use water sparingly
- Refrain from washing vehicles, watering plants, and/or filling pool
- Be vigilant to curb water loss during failures those weekends

Please take note: CoW had informed us, when NamWater open the water on Sunday we will experience a brownish colour in the water for 1 or 2 days.

We appreciate everyone's cooperation.

Kind regards.

ESTATE MANAGEMENT.
